

Communication Enrichment Class Newsletter 2021

Happy April everyone!

Spring has sprung! This month will hopefully bring some sunnier skies and warmer days. The Communication Enrichment Class spent the last month covering a wide variety of topics, including Space, International Women's Day & Women's History Month, St. Patrick's Day, and we have started discussing the British Royal Family more in-depth. We are always happy to take suggestions from our participants on topics for class, so please continue to do so!

On Thursday, April 1st, we will be learning about Easter and how the tradition is celebrated all over the world. We will also have time to discuss how each of us celebrates Easter, if we do, and any traditions that we have for the holiday. If there is anything that you would like to share about how you celebrate with the class, please feel free to do so!

This month, we will be spending some time talking about the season of spring, and what it can signify. In particular, we will learn about different flowers, and each participant of class will choose a type of flower that is of interest or has a special meaning to them. We will learn about this flower, and everyone is encouraged to explain why you chose the flower and if there is any meaning behind your choice.

As always, the class will stay updated on current events, including the COVID-19 pandemic. If anyone has questions about anything regarding COVID-19, or other current events, please let Bobbi or I know and we will be sure to cover them.

If you have any questions or concerns, please feel free to reach out to me anytime! 😊

Sincerely,

Sarah Vanderkolff
