

Coronavirus: COVID-19
Current Update – May 6, 2022

As of May 6, 2022, Canada has a total of 3,782,959 confirmed cases of COVID-19. Ontario has 1,268,390 cases and Toronto has 322,569 cases.

Please note: As of December 31, 2021, Ontario is only providing PCR tests to symptomatic, high-risk individuals. This has likely resulted in a lower number of daily cases being reported.

Ontario COVID-19 cases this week:

Friday, April 29: 2,760

Saturday April 30: 2,799

Sunday May 1: 2,243

Monday May 2: 1,275

Tuesday May 3: 1,547

Wednesday May 4: 2,488

Thursday May 5: 2,700

Ontario reports 1,676 people in hospital with COVID-19 and 205 patients in ICU, which are both slightly lower than this time last week. 49% of COVID-19 patients in ICU are breathing with the help of a ventilator.

In the past 24 hours, there has been an increase of 2,700 confirmed cases and 32 more deaths. Yesterday's cases were found in: Toronto (554), Peel Region (192), Durham (134), Hamilton (110), York Region (168), Ottawa (106), and Simcoe-Muskoka (116). All other health units reported fewer than 100 COVID-19 cases in Ontario.

In Ontario, 91% of the eligible population is fully vaccinated, 2% of the eligible population have had just one dose, and 7% of the population is unvaccinated. This is the first time that the number of unvaccinated people has been lower than 10%!

More than 7 million COVID-19 vaccines have been given in Toronto!

This is a huge milestone!

58% of children ages 5-11 have received at least one dose

95% of youth ages 12-17 have received at least one dose

92% of youth ages 12-17 have received two doses

For Toronto residents aged 12 and older:

91.8% have received 1 dose

89.2% have received 2 doses

57% have received 3 doses

—

Transportation to vaccine clinics

The Ontario Community Support Association's Accessible Drive-to-Vaccines program provides door-to-door rides to vaccination sites for people with disabilities, including seniors with mobility issues. You must have a vaccination appointment booked. You need to request a ride at least 48 hours before the appointment. To book, call 211 or click [here](#) to request an appointment online.

—

Mobile and Pop-Up Clinics in East Toronto

Michael Garron Hospital and East Toronto Health Partners are running multiple mobile and pop-up vaccine clinics between Friday, April 29 and Sunday, May 8.

First doses, second doses and third (booster) doses of the COVID-19 vaccine are available by walk-in at these clinics to individuals who are eligible.

Click [here](#) for more information on these clinics.

—

Fairbank Memorial Community Centre Vaccine Clinics

Where: 2213 Dufferin Street (There is limited parking beside the building)

Appointments and walk-ins are welcome!

When: Every Tuesday from April 12th to May 10th from 12:00 PM to 4:00 PM.

Contact York-Fairbank Centre to book your appointment by calling (416) 651-8300 or writing to yorkfairbank@on.aibn.com.

Please bring a piece of photo ID and your Ontario Health Card (OHIP Card).

The first dose is available to anyone who will be 5 years old and up on the day of vaccination.

The recommended time in between your first and second dose is 8 weeks for all COVID-19 vaccines. More specifically, you can get your second dose more than 21 days after your first dose of the Pfizer vaccine or more than 28 days after your first dose of the Moderna vaccine.

Third and fourth booster shots are available. If you are immunocompromised, it must be more than 3 months (or 84 days) after your second and/or third dose. If you are between the ages of 12 and 17, it must be more than 6 months after your second dose. If you are between the ages of 18 and 59, it must be more than 3 months (or 84 days) after your second dose. If you are 60 years old or over getting your fourth dose, it must be 5 months after your third dose.

Partner Organizations: Toronto Public Health, Councillor Josh Matlow and York-Fairbank Centre for Seniors

In Toronto? Here's a safe transportation option to go to your vaccine appointment:

Wheel-Trans is committed to providing vaccine rides to the elderly and people with disabilities in Toronto. Wheel-Trans is offering individual rides to City-run mass vaccination sites, pharmacies, doctor's offices, and clinics that are giving out vaccines. Customers may be joined by one Support Person on their Wheel-Trans ride.

You may be eligible for Wheel-Trans service if your disability prevents you from using the TTC's conventional transit for all or part of their trip.

If you are not yet a Wheel-Trans customer, and you think you may qualify for Wheel-Trans service, you are invited to apply by calling Wheel-Trans Customer Service at 416-393-4111, Monday to Friday from 8 a.m. to 4 p.m.

Existing Wheel-Trans customers can book their rides to and from their vaccine appointments by calling Wheel-Trans Reservations at 416-393-4222, seven days a week from 7 a.m. to 11 p.m. or through the Wheel-Trans Self-Booking Website. Access the website by clicking here: <https://mywheel-trans.ttc.ca/SelfBooking2020/Login?ReturnUrl=%2fSelfBooking2020>.

Upcoming Events:

North Yorkers

The Communication Enrichment Class (ongoing)

The class is running virtually on Tuesdays and Thursdays at 1pm. You can find the online blog at <https://nydpcec.wordpress.com/> where class activities will be posted before each class. If you or someone you know has a communication disability and may be interested in participating in the class, please contact Jessica, our Manager of Client Services via email at jessica.nydp@gmail.com.

March of Dimes

One to One Peer Support Program

The One to One Peer Support program is still running. No one understands quite like somebody who has lived the same experience. Our Peer Support program pairs caregivers with peers who are also experienced in caregiving and can offer practical advice and support by phone or a video chat. Contact Angie Clark by email at aclark@marchofdimes.ca or call 1-905-301-8114 for more information or to get connected.

If you or someone you know uses Augmentative and Alternative Communication (AAC), and requires resources related to COVID-19, please contact Jessica (jessica.nydp@gmail.com) and she can assist you in accessing and/or creating various communication tools.

If you think you may be experiencing symptoms of COVID-19, take the self-assessment at www.ontario.ca/coronavirus. Follow all directions from your medical provider or your local health unit at the following phone numbers:

Telehealth Ontario: 1-866-797-0000

Toronto Public Health: 416-338-7600

Peel Public Health: 905-799-7700

Durham Region Health Department: 905-668-7711

York Region Public Health: 1-877-464-9675

Please refer to previous updates as lots of important information has been provided that may still be relevant. If you have any questions or require more information on how you can protect yourself and those around you from the COVID-19 virus, please contact our Senior Manager of Client Services/Lead AAC Facilitator Jessica at 416-222-4448 or jessica.nydp@gmail.com.
