

Coronavirus: COVID-19
Current Update – October 14, 2022

Public Health Ontario’s Weekly COVID-19 Summary

Public Health Ontario (PHO) warns us to interpret these trends with caution because they are not entirely accurate. COVID-19 cases, contacts, and outbreaks are only being managed in high-risk populations and settings. There is also a delay in reporting, especially with severe outcomes and deaths.

This week, the number of reported cases in Ontario increased to 8,929 from 8,306 last week. A gradual increase in cases and percent positivity has been happening over the past 3 weeks. Case rates were similar or increased this week in all 7 of Ontario’s regions and 28 of 34 public health units, compared to last week. Case rates were similar or increased this week in all age groups. The 80 years and older age group reported a 24% increased case rate this week compared to last week.

According to PHO data, weekly case numbers may continue to gradually rise over the next 2 weeks.

This week, hospital admissions and deaths decreased. There were 344 reported hospital admissions (down from 434 last week) and 46 reported deaths (down from 65 last week).

The total number of outbreaks in high-risk settings increased from 173 last week to 211 this week. The number of outbreaks increased in Long-Term Care homes, retirement homes, and congregate living (includes group homes/supportive housing and shelters). There is a similar number of outbreaks in hospitals and correctional facilities. There were 2,290 cases of COVID-19 reported this week in these high-risk settings, compared to 2,017 last week.

developmental disorder, mobility challenges, communication, behavioural and other specialized needs (including significant needle phobia).

This clinic will happen each Wednesday from 10 a.m. to 3 p.m. More dates and times are expected to become available soon.

It's by appointment only. To make an appointment, you need to be referred through your doctor. For any questions regarding patient referrals, contact mobile.vaccination@sickkids.ca.

Do you have questions or concerns about the COVID-19 vaccine for children? Book an appointment with the SickKids COVID-19 Vaccine Consult Service. Visit sickkids.ca/vaccineconsult to book an appointment!

In Toronto? Here are two transportation options to go to your vaccine appointment:

1. The Ontario Community Support Association's Accessible Drive-to-Vaccines program provides door-to-door rides to vaccination sites for people with disabilities, including seniors with mobility issues. You must have a vaccination appointment booked. You need to request a ride at least 48 hours before the appointment. To book, call 211 or click [here](#) to request an appointment online.

2. Wheel-Trans is committed to providing vaccine rides to the elderly and people with disabilities in Toronto. Wheel-Trans is offering individual rides to City-run mass vaccination sites, pharmacies, doctor's offices, and clinics that are giving out vaccines. Customers may be joined by one Support Person on their Wheel-Trans ride.

You may be eligible for Wheel-Trans service if your disability prevents you from using the TTC's conventional transit for all or part of their trip.

If you are not yet a Wheel-Trans customer, and you think you may qualify for Wheel-Trans service, you are invited to apply by calling Wheel-Trans Customer Service at 416-393-4111, Monday to Friday from 8 a.m. to 4 p.m.

Existing Wheel-Trans customers can book their rides to and from their vaccine appointments by calling Wheel-Trans Reservations at 416-393-4222, seven days a week from 7 a.m. to 11

p.m. or through the Wheel-Trans Self-Booking Website. Access the website by clicking here: <https://mywheel-trans.ttc.ca/SelfBooking2020/Login?ReturnUrl=%2fSelfBooking2020>.

Upcoming Events:

North Yorkers

The Communication Enrichment Class (ongoing)

The class is running virtually on Tuesdays and Thursdays at 1 p.m. You can find the online blog at <https://nydpcec.wordpress.com/> where class activities will be posted before each class. If you or someone you know has a communication disability and may be interested in participating in the class, please contact Jessica, our Manager of Client Services via email at jessica.nydp@gmail.com.

March of Dimes

One to One Peer Support Program

The One to One Peer Support program is still running. No one understands quite like somebody who has lived the same experience. Our Peer Support program pairs caregivers with peers who are also experienced in caregiving and can offer practical advice and support by phone or a video chat. Contact Angie Clark by email at aclark@marchofdimes.ca or call 1-905-301-8114 for more information or to get connected.

—

If you or someone you know uses Augmentative and Alternative Communication (AAC), and requires resources related to COVID-19, please contact Jessica (jessica.nydp@gmail.com) and she can assist you in accessing and/or creating various communication tools.

If you think you may be experiencing symptoms of COVID-19, take the self-assessment at www.ontario.ca/coronavirus. Follow all directions from your medical provider or your local health unit at the following phone numbers:

Telehealth Ontario: 1-866-797-0000

Toronto Public Health: 416-338-7600

Peel Public Health: 905-799-7700

Durham Region Health Department: 905-668-7711

York Region Public Health: 1-877-464-9675

Please refer to previous updates as lots of important information has been provided that may still be relevant. If you have any questions or require more information on how you can protect yourself and those around you from the COVID-19 virus, please contact our Senior

Manager of Client Services/Lead AAC Facilitator Jessica at 416-222-4448 or
jessica.nydp@gmail.com.
