

Coronavirus: COVID-19
Current Update – June 4, 2020

As of June 4, 2020, Canada has a total of 93, 441 confirmed cases of COVID-19. Ontario itself has 29, 403 cases with Toronto having 11, 652 cases. **At this time, residents of North Yorkers continue to remain symptom free and staff members continue to self-monitor.** If this changes, we will notify all staff, residents and stakeholders as soon as possible.

--

Thank you NYGH!

From the Board of Directors, Management, Staff and Residents,

All of us at North Yorkers for Disabled Persons (NYDP) would like to say a HUGE thank you to the North York General Hospital Mobile Testing Team as well as the Infection Prevention and Control (IPAC) team for taking the time out of their day to provide our staff with IPAC Training, as well as coordinating COVID-19 testing for all staff and residents. The resources and partnership with North York General Hospital will help NYDP ensure the health and safety of our staff and residents while we battle to keep the coronavirus from entering our walls.

Trudeau says new modelling shows COVID-19 in decline, but the fight must continue

Prime Minister Justin Trudeau has stated today that new federal data shows that COVID-19 is in decline across Canada but the country is not out of the woods. Trudeau it is encouraging that the virus is “slowing and in some places even stopping” but in some places there are still large numbers of new cases.

Trudeau says the continuing threat means that as more people start returning to working outside their homes, adhering to physical distancing measures and wearing masks remains very important.

UPCOMING EVENTS:

March of Dimes Canada

The Unexpected Journey of Caring: The Transformation from Loved One to Caregiver A 4 Part Series

Starting Wednesday June 10th @ 2pm EST for 4 weeks.

Register for 1 or all 4!

Overall description: When you become a caregiver, everything changes - daily actions, beliefs, hopes, expectations and connections to others.

In this series, we will explore what happens to us when we care and turn toward-not away-from our loved ones, and how deep care for another transforms us and our relationships. The insights and strategies offered in this series are designed to help participants begin to make sense of the very experiences that transform them throughout the caregiver role so they can more fully advocate for their loved ones and themselves.

Session Themes:

June 10th: When Help Disappoints

June 17th :Caregiver Relationship Confusion

June 24th : Be Your Own Community Organizer

July 8th: Care Networking

Register Online: <https://afterstroke.marchofdimes.ca/news-events/family-caregiver-experience-4-part-series>
